Masculin headed dog, head ? proportion, excellent bite. Good angulation in front. Good length of neck, flowing well laid shoulders. Excellent topline. Good tailset, I would like to little neater elbow. Good angulation behind. Moves very well for profile, very soundly behind, front actions good. Nice type and very promising.

Had a good proportions. Nice shaped eye, excellent bite, good length of upperarm, would like to little more lay shoulder. Good topline, would like quite short a loin. Angulations good behind, would like little more length on body to balanced of but he is still very young. Moves very soundly behind, but he is quite loose elbow pinning. Well handled. Very promising.
